TOTAL					33,440	

The above figures are based on an 8 hour working day. It must be understood, however, that this is an approximation. The one-half day off per week for officers (exercise) and Sundays off for all hands have been taken into account. During this time approximately one-third of the crew took 15 days leave which would mean a loss of about 900 hours to be subtracted from the total.
